## Removing Drawers

### Step 1

Using the lock keypad, enter the supervisor code provided by PGATSS visual merchandize team and press the ENTER button, carefully pull out the drawer to be removed.  
NOTE: Drawers are labeled on sides 1 to 6, top to bottom.

### Step 2

NOTE: Black catch 'buttons' on left and right drawer slides.

### Step 3

Remove drawer by pressing right and left buttons on right and left drawer slides and carefully pull drawer out.

### Step 4

Pull drawer out evenly, DO NOT FORCE, until both slides are detached. Place drawer in a safe spot until reinstalling.

## To Replace Drawers

**Step 1**

**NOTE:** DRAWER MUST INSTALL INTO SAME POSITION IT WAS REMOVED FROM. Damage may occur if you do not follow these directions. Again drawers are labeled on sides 1 to 6, top to bottom.

**Step 2**

When installing drawers back into cabinet make sure to align drawer rails with drawer slides on cabinet.

**Step 3**

**Step 4**

**Step 5**

Slowly and gently engage the drawer rails and the slides on the cabinet. DO NOT FORCE OR DAMAGE COULD OCCUR.

**Step 6**

Slowly slide drawer into closed position. If there is any resistance, DO NOT FORCE. Remove drawer, realign drawer slides and carefully slide drawer closed.
